The Association shall be responsible for the maintenance, repair and replacement of the common sidewalks within the Property. Any paved pathway leading from the Roadway or driveway to the Home shall be maintained, repaired and replaced by the Owner of the Home to which such paved pathway leads. ARTICLE III ADDITIONS TO AND WITHDRAWALS FROM THE PROPERTY; CONVEYANCE OF COMMON AREA

Section 1. Additions. Declarant may from time to time, in its sole discretion, by recording appropriate Supplemental Declaration(s) in the Register of Deeds Office of Dane County, Wisconsin, add any Additional Property to the Property governed by this Declaration, and may declare all or part of such Additional Property (including any Improvements thereon) to be Lots or Common Area. Upon the recording of a Supplemental Declaration, the property described therein shall be deemed part of the Property as if it were originally included therein and subject to this Declaration. Any such Supplemental Declaration may submit any Additional Property or any other real property to such modifications of the covenants, restrictions, reservations, regulations, burdens, liens and/or easements contained in this Declaration as may be necessary or convenient to reflect or adapt to any changes in circumstances or differences in the character of any such

Additional Property or other property. Nothing contained in this Section shall be construed to require the joinder by or consent of the Owners or the Association to any such Supplemental Declaration; provided, however, the Association shall join in the execution of any such Supplemental Declaration at the request of Declarant. In addition, nothing herein shall require Declarant to add any Additional Property.

Section 2. Designation of Additional Common Area. Declarant may, from time to time, by recording Supplemental Declarations, designate additional portions of the then existing Property owned by it to be Common Area.

Section 3. Disclaimer of Implication. Only the real property described in Exhibit A hereto is submitted and declared as the Property subject to this Declaration. Unless and until a Supplemental Declaration is recorded in the fashion required pursuant to this Declaration, no other property (including any Additional Property) shall in any way be deemed to constitute a portion of the Property or be affected by the covenants, restrictions, regulations, burdens, liens and easements expressly binding the Property as provided by the terms of this Declaration.

Section 4. Absence of Obligation. Nothing in this Declaration shall be construed to require Declarant to add any Additional Property to the Property encumbered by this Declaration or to require Declarant to declare any portion of any properties added to the Property to be Common Area, nor shall anything in this Declaration be construed to require Declarant to declare any portion or portions of the existing Property as Common Area, except to the extent herein specifically provided.

Section 5. Withdrawal. Notwithstanding anything herein to the contrary, Declarant reserves the absolute right at any time to withdraw portions of the Property from the provisions of this Declaration by recording an appropriate Supplemental Declaration. Any such Supplemental Declaration must be executed by Declarant, the Owner of each Lot located on the portion of the Property sought to be withdrawn (if any) and each holder of a mortgage on a Lot located on the portion of the Property sought to be withdrawn (if any), in order to be effective. Nothing contained in this Section shall be construed to require the joinder by or consent of the Owners of Lots on the portion of the Property which is not withdrawn by such Supplemental Declaration, such Owners' mortgagees holding mortgages on Lots on the portion of the Property which is not withdrawn by such Supplemental Declaration, or the Association.

Section 6. Title to the Common Area. Declarant or its successors and assigns shall convey and transfer to the Association, by warranty deed, the fee simple title to the Common Area free and clear of any mortgages and the Association shall accept such conveyance, holding title for the Owners as aforesaid. Such conveyance shall be subject to: (i) real estate taxes and assessments due with respect to the Common Area from and after the date of recording of this Declaration; (ii) all laws, ordinances, regulations, restrictions, prohibitions and other requirements imposed by governmental authorities, including, without limitation, all building, zoning, land use and environmental laws, ordinances, codes and regulations; (iii) matters which would be disclosed by an accurate survey of the Common Area; (iv) easements, covenants, conditions, restrictions, reservations, limitations and other matters of record; and (v) the terms and provisions of this Declaration, as the same may have been modified, amended and/or supplemented from time to time.

Section 7. Parking Rights. The Board may maintain upon the Common Area parking spaces for Owners, Occupants, invitees and guests. The use of such parking spaces by Owners, Occupants, visitors and guests shall be subject to duly adopted rules and regulations of the Association, as the same may be amended from time to time.

ARTICLE IV OWNERS' PROPERTY RIGHTS

Section 1. Owners' Easements of Enjoyment. Every Owner, Occupant, guest, tenant, agent or invitee of an Owner shall, except as may otherwise be provided in this Declaration, have a permanent and perpetual, nonexclusive easement for ingress and egress over, enjoyment in, and use of Common Area within the Property (except as may otherwise be specifically provided elsewhere in this Declaration), in common with all other Owners, Occupants, guests, tenants, agents and invitees, which easement shall be appurtenant to, and shall pass with a deed and/or title to, each Owner's Lot. This right shall be subject to the following conditions and limitations:

A. The right and duty of the Association to reasonably limit the number of Occupants, guests, visitors, invitees or tenants of an Owner using the Common Area.

B. The right and duty of the Association to levy Assessments against each Lot for the purpose of operating, maintaining, repairing and replacing the Common Area and Improvements thereon in compliance with the provisions of this Declaration and the restrictions on portions of the Property from time to time recorded by Declarant.

C. The right of the Association to establish, amend and/or abolish from time to time, uniform rules and regulations pertaining to the use of the Common Area.

D. The right of the Association to establish, amend and/or abolish from time to time, uniform rules and regulations pertaining to the Lots for the purposes of enhancing the aesthetic uniformity of the Property.

E. The right of the Association in accordance with its Articles, Bylaws, and this Declaration, with the vote or written assent of Members comprising two-thirds (2/3) of the total voting interests, except as provided to the contrary in this Declaration, to borrow money for the purpose of improving the Common Area and Improvements thereon, and, in aid thereof, to mortgage, pledge, or hypothecate any or all of its real or personal property as security for money borrowed or debts incurred, provided that the rights of such mortgagee shall be subordinated to the use rights of the Owners in the Common Area. Notwithstanding the foregoing, such two-thirds (2/3) vote or written assent of total voting interests shall not be required for such Improvements made for the sole purpose of preservation of, or prevention of damage to Common Area.

F. The right of the Association to dedicate, release, alienate, or transfer all or any part of the Common Area owned by the Association to any public agency, authority, or utility and to grant any covenant, restriction or reservation against the Common Area in favor of any such public agency, authority, or utility; provided, however, no such dedication, release, alienation, or

transfer shall be effective unless Members entitled to cast two-thirds (2/3) of the total voting interests agree to such dedication, release, alienation or transfer.

G. The right of the Association, without any vote of the Owners, to grant easements and rights-of-way, where necessary or desirable, for utilities, water and sewer facilities, cable television, irrigation, drainage and other services over the Common Area to serve the Common Area and other portions of the Property without vote of the Owners.

H. The right of Declarant, Declarant's affiliates, and each of their respective officers, directors, partners, employees, agents, licensees, and invitees to the nonexclusive use of the Common Area and the Improvements thereon, without charge, for sales, marketing, display, access, ingress, egress, construction, and exhibit purposes, and to grant (without consent of the Association and/or vote of the Owners) easements and rights-of-way as provided in this Declaration.

I. The right of the Association, by action of the Board, to reconstruct, replace, or refinish any Improvement or portion thereof upon the Common Area, in accordance with the original design, finish, or standard of construction of such Improvement.

J. The right, however not the duty, of the Association to replace destroyed trees or other vegetation and plant trees, shrubs, sod, grass and ground cover upon any portion of the Common Area.

K. The easements provided elsewhere in this Declaration, designated on the Plat, or on the Additional Plat(s), if any, including, but not limited to, those set forth in this Article IV.

Section 2. Delegation of Use. Any Owner may delegate, in accordance with the Bylaws, such Owner's right of enjoyment to the Common Area to the members of such Owner's family, or to the tenants who reside in such Owner's Home or Building, subject to this Declaration, all of the rules and regulations presently in effect and any which may become effective in the future, and subject further to reasonable regulation by the Board.

Section 3. Recognition of Easements. Each Owner, by acceptance of a deed or other instrument of conveyance, recognizes and consents to the easements reserved and/or granted with respect to the Property under this Declaration.

Section 4. Easements For Vehicular Traffic. In addition to the general easements for use of the Common Area reserved herein, there shall be, and Declarant hereby reserves, grants, and covenants for itself and all future Owners, Occupants, guests, invitees and tenants of the Property (or portions thereof), and to the Association, that all of the foregoing shall have a perpetual nonexclusive easement for vehicular traffic over (i) all streets within or upon the Property dedicated to the public use, if any (as well as alcoves, cul de sacs, and other private, paved areas abutting or serving the same), and (ii) any private roads or alleys within or upon the Property.

Section 5. Access Easement. Declarant hereby reserves perpetual, nonexclusive easements of ingress and egress over and across: (i) Roadways within or upon the Property

dedicated to the public use, if any (as well as alcoves, cul de sacs, and other private, paved areas abutting or serving the same), (ii) any private Roadways and alleys within or upon the Property including the ingress/egress easements on Lots 2 and 3 of the Plat, and (iii) all other portions of the Property, any of the foregoing of which are necessary or convenient for enabling Declarant to carry on and complete the work and/or exercise its rights referred to in this Declaration. All of the foregoing easements shall be for the use of Declarant, Declarant's employees, contractors and agents, Declarant's successors and assigns, Owners, Occupants, tenants, employees, agents, invitees, and licensees of Declarant and Owners.

Section 6. Grant and Reservation of Easements. Declarant hereby reserves and grants the following perpetual, nonexclusive easements over and across the Property as covenants running with the Property for the benefit of the Owners, the Association, and Declarant as hereinafter specified for the following purposes:

A. Utility and Services Easements. All of the Property shall be subject to an easement or easements to provide for: (i) installation, service, repair and maintenance of the equipment required to provide utility services to the Common Area and the Lots, including, but not limited to, electric, telephone, and internet, and (ii) governmental services, including, but not limited to, police, fire, mail, health, sanitation and other public service personnel, including reasonable rights of access for persons and equipment necessary for such purposes for the benefit of the appropriate utility companies, agencies, franchises or governmental agencies. Belle Farm is a "no gas" development. Accordingly, there will be no gas utility service available to any Lot and no Owner may install any gas service, including the installation of a propane gas tank, on any Lot. This requirement may be waived by the Committee, in its sole discretion, if there exist extenuating circumstances, such as supply chain issues, Lot constraints, emerging technologies and building requirements that cannot be addressed in any other way. The Committee reserves the right to amend this requirement in the future as new technologies become available as permitted in Article VIII, Section 2B below.

B. Easement for Sidewalks. All Lots shall be subject to an easement for any Common Area sidewalks placed upon such Lots by Declarant.

C. Easement to Enter Upon Lots. An easement or easements for ingress and egress in favor of the Association, including the Board or the designee of the Board, to enter upon the Lots for the purposes of fulfilling its duties and responsibilities of ownership, maintenance and/or repair in accordance with the Governing Documents, including, by way of example, the making of such repairs, maintenance or reconstruction as are necessary for the Common Area.

D. Drainage Easement. An easement over, under and upon all of the Property for the Surface Water Management System and access to install, operate, maintain, alter, inspect, remove, relocate, repair and/or replace the Surface Water Management System. By this easement, the Association shall have the right to enter upon any portion of a Lot which is part of the Surface Water Management System, at a reasonable time and in a reasonable manner, to operate, maintain and repair the Surface Water Management System as required by any governmental agency.

ARTICLE V

The Association is the entity responsible for management, maintenance, operation, and control of the Common Areas. The Association shall perform its functions in accordance with the Governing Documents and Wisconsin law. The Board shall be responsible for management of the Association and may contract with a property manager for such purposes. The Board is appointed or elected as provided in the Articles. Membership in the Association is appurtenant to and may not be severed from the Lot. The rights and obligations of a Member may not be assigned or delegated except as provided in this Declaration, the Articles of Incorporation, or Bylaws of the Association, and shall automatically pass to the successor-in-interest of any Owner upon conveyance of such Owner's interest in the Lot.

Section 2. Association Membership and Voting Rights. Membership in the Association shall be established and terminated as set forth in the Articles. Each Member shall be entitled to the benefit of, and be subject to, the provisions of the Governing Documents. The voting rights of the Members shall be as set forth in the Articles. In order to: (a) fulfill the terms, provisions, covenants, conditions, restrictions, reservations, regulations, burdens, liens and easements contained in the Governing Documents; and (b) maintain, operate and preserve the Common Area for the use, safety, welfare and benefit of the Members and their family members, guests, invitees and tenants, there is hereby imposed upon each Lot the affirmative covenant and obligation to pay to the Association commencing from and after the first conveyance of a Lot from Declarant as evidenced by the recordation of a deed (in the manner herein set forth) all Assessments. Each Owner, by acceptance of a deed or other instrument of conveyance conveying a Lot within the Property, whether or not it shall be so expressed in such deed or instrument, shall be obligated and agrees to pay to the Association all Assessments in accordance with the provisions of the Governing Documents.

The following expenses of the Association are hereby declared to be Operating Expenses which the Association is obligated to assess and collect, and which the Owners are obligated to pay as provided herein or as may be otherwise provided in the Governing Documents: (1) any and all taxes and tax liens which may be assessed or levied at any and all times against the Common Area, against any and all personal property or Improvements thereon; (2) all charges levied for utilities providing services for the Common Area or to Owners on a bulk basis, such as water, electricity, sanitation, sewer and any type of utility or any other type of service charge which is not separately billed to an Owner; (3) the premiums on policies of insurance including, but not limited to, liability and casualty insurance for the Common Area and directors and officers liability insurance for the officers and directors of the Association; (4) any sums necessary for the maintenance and repair of the Common Area and all Improvements located thereon; (5) all sums necessary for the maintenance, repair and certification reporting of the Surface Water Management System, including, without limitation, work within retention areas, drainage structures and drainage easements; (6) all lease payments associated with amenities located on the Property and commercial spaces leased by the Association which it in turn subleases; and (7) any and all expenses deemed to be Operating Expenses by the Association and/or under this Declaration. In addition, any expense which is required by this Declaration to be a matter of Special Assessment shall not be deemed to be an Operating Expense. Expenses which are required to be the matter of Special Assessment include, by way of example but not by way of limitation, the following: the cost of reconstructing, replacing or improving the Common Area or any portion thereof or Improvements thereon; any casualty loss affecting the Association or the Common Area to the extent such loss exceeds the insurance proceeds, if any, receivable by the Association as a result of such loss; any judgment against the Association (or against a Board director or directors if and to the extent such director is, or such directors are, entitled to be indemnified by the Association therefor pursuant to the Articles) to the extent such judgment exceeds the insurance proceeds, if any, received by the Association as a result of such judgment, or an agreement by the Association (or such director or directors to whom indemnification is owed) to pay an amount in settlement of a lawsuit against it (or such director or directors) to the extent such settlement exceeds the insurance proceeds, if any, received by the Association as a result of such settlement agreement; and legal fees incurred by the association in connection with litigation (whether incurred for the preparation, filing, prosecution or settlement thereof or otherwise), except legal fees incurred by the Association in connection with the collection of Assessments or other charges which Owners are obligated to pay pursuant to the Governing Documents.

The Operating Expenses with respect to the Common Area are payable by each Owner to the Association notwithstanding the fact that Declarant may not have yet conveyed title to the Common Area to the Association.

Section 2. Establishment of Liens. Each Assessment against a Lot shall be the personal obligation of the Owner of such Lot. Any and all Assessments made by the Association in accordance with the provisions of the Governing Documents are hereby declared to be a charge and continuing lien upon each Lot against which each such Assessment is made. Said lien shall be effective from and after the time of the recordation of a written, acknowledged statement by the Association setting forth the amount due to the Association as of the date the statement is signed and recorded. Upon full payment of all sums secured by that lien, the party making payment shall be entitled to a satisfaction of the statement of lien in recordable form.

Section 3. Collection of Assessments. In the event any Owner shall fail to pay any Assessment, or installment thereof, charged to such Owner within fifteen (15) days after the same becomes due, then the Association, through its Board, shall have any and all available remedies to the extent permitted by law.

Section 4. Late Charges and Interest. If all or any part of any installment of any Assessment is not paid within fifteen (15) days after its due date, the Owner responsible therefor may be required to pay a late charge equal to five percent (5%) of the unpaid Assessment. If all or any part of an Assessment or any other amount due hereunder is not paid within thirty (30) days after it is due, the Owner responsible therefor shall owe interest on the unpaid amount from its due date at 12% per annum.

Section 5. Lot Transfer Fee. Upon any conveyance of a Lot (whether vacant or with a Home or Building) by deed or land contract or if the Lot is owned by a corporation, limited liability company or partnership, the transfer of all of the shares, membership interests or partnership interests, the purchaser shall pay a fee (the "*Lot Transfer Fee*"). One half of the Lot Transfer Fee shall be paid to the Association and the other half of the Lot Transfer Fee shall be paid to the Declarant. Once the Declarant owns less than ten percent (10%) of the Lots, the entire Lot Transfer Fee shall be paid to the Association. The Lot Transfer Fee amount shall be established by the Declarant. The Declarant may change the Lot Transfer Fee amount from time to time. Once the Declarant no longer owns any Lots, the right to change the Lot Transfer Fee amount shall be delegated to the Board. The Lot Transfer Fee amount shall be set forth in the rules and regulations of the Association. The Declarant may waive the payment of the Lot Transfer Fee for any Lot sold to a general contractor or homebuilder who will not be occupying the Home.

ARTICLE VII METHOD OF DETERMINING ASSESSMENTS AND ALLOCATION OF ASSESSMENTS

Section 1. Determining Amount of Assessments. It shall be the duty of the Board to annually prepare a budget ("*Budget*") covering the estimated Operating Expenses of the Association. Each Lot shall be assessed its *pro rata* portion of the total anticipated Operating Expenses, which shall be the "*Individual Lot Assessment*" as to each Lot. The Individual Lot Assessment shall be based upon the level of service to each Lot. For The Rose, The Parlor and Bluebird, they shall pay \$30 per unit each month as their contribution towards the Operating Expenses with annual increases not to exceed 6.0%.

Section 2. Assessment Payments. Individual Lot Assessments shall be payable quarterly, in advance, on the first day of January, April, July and October of each year, provided, however, at the Association's option, Individual Lot Assessments may be payable monthly. Individual Lot Assessments, and the quarterly installments thereof, may be adjusted from time to time by the Declarant or the Board once the Association replaces the Declarant, to reflect changes in the Budget or in the event the Board determines that an Assessment or any installment thereof is either less than or more than the amount actually required. Individual Lot Assessments shall be begin to be assessed upon the issuance of an occupancy permit for the Home.

Section 3. Special Assessments. “*Special Assessments*” include, in addition to other Assessments designated as Special Assessments in the Governing Documents and whether or not for a cost or expense which is included within the definition of “*Operating Expenses*,” those Assessments which are levied for capital improvements which include the costs (whether in whole or in part) of constructing or acquiring Improvements for, or on, the Common Area or the cost (whether in whole or in part) of reconstructing or replacing such Improvements. In addition, Special Assessments may be levied against particular Lots and/or Owners to the exclusion of others. Notwithstanding anything to the contrary herein contained, it is recognized and declared that Special Assessments shall be in addition to, and are not part of, any Individual Lot Assessment. Any Special Assessments assessed against all Lots and the Owners thereof shall be paid by such Owners in addition to any other Assessments and shall be assessed in the same manner and using the same ratios as the Individual Lot Assessment. Special Assessments shall be paid in such installments or in a lump sum as the Board shall, from time to time, determine. Notwithstanding the foregoing, the levying of any Special Assessment shall require the affirmative assent of at least two-thirds (2/3) of all Members represented in person or by proxy at a meeting called and held in accordance with the Bylaws for all Special Assessments; except the Board is authorized to levy a Special Assessment only for: (a) repair, reconstruction or replacement of damaged or destroyed Improvements previously existing on the Common Area (including, without limitation, landscaping) or (b) capital improvements necessary or desirable for the sole purpose of preservation of, or prevention of damage to the Common Area.

Section 4. Liability of Owners for Assessments. By the acceptance of a deed or other instrument of conveyance of a Lot in the Property, each Owner thereof acknowledges and agrees that each Lot and the Owners thereof are jointly and severally liable for their own Individual Lot Assessments and their applicable portion of any Special Assessments, as well as for any and all other Assessments for which they are liable, as provided for herein.

Section 5. Waiver of Use. No Owner, other than Declarant, may exempt himself or herself from personal liability for Assessments duly levied by the Association. No Owner may release the Lot owned by such Owner from the liens and charges hereof either by waiver of the use and enjoyment of the Common Area and the facilities thereon or by abandonment of such Owner’s Home.

ARTICLE VIII ARCHITECTURAL CONTROL COMMITTEE

Section 1. Members of the Committee. The Architectural Control Committee, sometimes referred to in this Declaration as the “*Committee*,” shall initially be comprised of one (1) member designated by the Declarant. The person designated by the Declarant shall hold office until all Lots have been conveyed by the Declarant or such earlier time as Declarant may, at its sole option, elects. Once the Declarant no longer owns any Lots or no longer elects to be the Committee, the Committee shall be comprised of three (3) members appointed by the Declarant. Each new member of the Committee thereafter shall be appointed by the Board and shall hold office until such time as such new member has resigned, has been removed, or such new member’s successor has been appointed, as provided herein. Members of the Committee, other than the person designated by Declarant, may be removed at any time without cause. Once the Committee

consists of three (3) members, the Board shall have the sole right to appoint and remove all members of the Committee.

Section 2. Review of Proposed Construction.

A. No Home, Building or Improvements, including, by way of example and not of limitation, accessory structures, exterior lighting fixtures, driveways, basketball goals, gym sets and play structures, fences, walls, pools, satellite dishes, mailboxes, external enclosures or attachments (including entry screen and patio screen enclosures), or landscaping (including hedges, massed plantings and trees) shall be commenced, erected, installed, altered, modified, painted, planted, or maintained on the Property, including the Lots, nor shall any canopies, shutters, or window coverings be attached to or placed upon outside walls or roofs of any Home or Building by any Owner other than Declarant, unless such Home, Building or Improvements have been reviewed by and received the written approval of the Committee in accordance with Paragraph B below. Any Owner desiring to construct a Home or Building or make Improvements shall submit two (2) complete sets of Building Plans prepared by an architect, landscape architect, engineer or other person determined by the Committee to be qualified, showing the nature, dimensions, materials and location of the same.

B. The Committee shall approve proposed Building Plans submitted for its approval only if it deems that the construction, alterations, or additions contemplated will not be detrimental to the appearance of the surrounding area of the Property as a whole, that the appearance of any structure affected thereby will be in harmony with the surrounding structures and is otherwise desirable, and that the contemplated construction satisfies the Lot Condition Report parameters. The Committee shall issue and amend from time-to-time rules or guidelines regarding building materials, sustainability guidelines and landscaping requirements for Homes and Buildings. If the proposed construction, alterations, or additions are to a portion of the Improvements which the Association is obligated to maintain, said approval shall also be subject to approval by the Board. The Committee may condition its approval of proposed Building Plans in such a manner as it deems appropriate and may require the submission of additional information prior to approving or disapproving such Building Plans.

C. The Committee shall have thirty (30) days after delivery of all required materials to give written approval or rejection of any such Building Plans and, if written approval is not given within such thirty (30) day period, such Building Plans shall be deemed rejected. No addition, construction or alteration shall be made by any Owner which is detrimental to or inconsistent with the harmony, appearance or general scheme of the Property as a whole.

D. Belle Farm shall consist of multiple styles of Homes. Owners must comply with the Lot Condition Report when constructing the applicable style of Home.

E. Each Home (including Homes that share one or more common walls) must include at least one of the following surface water management features: (1) rain barrels, (2) rain gardens, and (3) underground retention basins. If a Home utilizes downspouts, the downspouts must discharge the rainwater into vegetated areas.

F. Each Home will be required to utilize geothermal and solar energy systems and be electric vehicle ready. This requirement may be waived by the Committee, in its sole discretion, if there exists extenuating circumstances, such as supply chain issues, Lot constraints or emerging technologies. The Committee reserves the right to amend this requirement in the future as new technologies become available as permitted in Article VIII Section 2B above.

G. Each Home must use permeable pavers or pavement for all driveways and sidewalks.

H. Notwithstanding any provision in this Article to the contrary, the approval of the Committee shall not be required for any additions, changes or alterations within any Home or Building if such additions, changes or alterations are not visible from the outside of such Home or Building. All changes and alterations shall be subject, independently, to all applicable governmental laws, statutes, ordinances, codes, rules and regulations.

Section 3. Meetings of the Committee. The Committee shall meet from time to time as necessary to perform its duties hereunder. Once the Committee consists of three (3) members, the vote of any two (2) members of the Committee shall constitute an act of the Committee.

Section 4. No Waiver of Future Approvals. The approval of the Committee of any Building Plans for any work performed or proposed shall not be deemed to constitute a waiver of any right to withhold approval or consent to any identical or similar proposal subsequently or additionally submitted for approval or consent, whether such submission is by that applicant or another applicant. Similarly, the denial of approval by the Committee of any Building Plans for any work performed or proposed shall not be deemed to constitute a waiver of any right to approve or consent to any identical or similar proposal subsequently or additionally submitted for approval or consent, whether such submission is by that applicant or another applicant.

Section 5. Compensation of Members. The members of the Committee shall receive no compensation for services rendered, other than reimbursement for expenses incurred by them in the performance of their duties hereunder.

Section 6. Non-Liability of Committee Members. Neither the Committee nor any member thereof, nor Declarant, shall be liable to the Association or Owner or any other person or entity for any loss, damage or injury arising out of or in any way connected with the performance of the Committee's duties hereunder, unless due to the willful misconduct or bad faith of a member and only that member shall have any liability.

Section 7. Declarant Exemption. Declarant is hereby exempt from having to comply with the requirements of this Article VIII in their entirety.

Section 8. Community-Wide Standard. To ensure the preservation of the existing harmonious design and to prevent the introduction of design that is not in keeping with Belle Farm, Declarant hereby declares that the style and form of Belle Farm, as originally constructed or approved by Declarant, with respect to architectural style, colors and materials is the community wide standard. This standard shall continue in effect until the adoption and publication of new guidelines and standards by the Committee.

Section 9. Commercial Development. To encourage the growth and development of locally owned businesses and to prevent the introduction of design not in keeping with Belle Farm, the Declarant has the exclusivity authority to approve or disapprove any proposed commercial or retail business that will be located on any portion of the Mixed-Use Lots until such time as Declarant either (i) elects to transfer the authority to the Committee or (ii) owns fewer than ten percent (10%) of the Lots. Upon the Declarant owning fewer than ten percent (10%) of the Lots, the authority under this section shall automatically transfer to the Committee.

**ARTICLE IX
MAINTENANCE AND REPAIR OBLIGATIONS**

Section 1. By the Association.

A. The Association, at its expense, shall be responsible for the operation, maintenance, repair and replacement of all of the Improvements and facilities located over, through and upon the Common Area as otherwise provided herein (except public utilities). Should any incidental damage be caused to any Home or Building by virtue of the Association's failure to maintain the Common Area as herein required or by virtue of any work which may be performed or caused to be performed by the Association in the maintenance, repair or replacement of any Common Area, the Association shall, at its expense, repair such incidental damage. The Association shall not, however, be responsible for any loss of use, any hardship, an Owner's time or any other consequential or punitive damages

B. The Association shall operate, maintain and repair the Surface Water Management System constructed over, through and upon the Property. There is hereby reserved in favor of the Association the right to enter upon the Common Area and the Lots for the purpose of operating, maintaining, repairing, and replacing the Surface Water Management System over, through and upon the Property. The Association shall be responsible for all costs associated with its obligations relating to the cleaning, maintenance, repairs and replacement of any portion of the Surface Water Management System as may be necessary to maintain the system in its original condition and use.

C. The Association shall be responsible for the maintenance, repair and replacement of all private Roadways and alleys located upon the Common Area and there is hereby reserved in favor of the Association the right to enter upon any and all parts of the Common Area and Lots for such purpose. The Association shall also be solely responsible for the repair, replacement and maintenance of any porous or specialty (such as brick pavers or stamped concrete) pavement disturbances to the Roadways related to any underground utility work performed by the City of Middleton.

D. The Association shall be responsible for the maintenance, repair and replacement of all common sidewalks located upon the Property and there is hereby reserved in favor of the Association the right to enter upon any and all parts of the Property and Lots for such purpose.

E. The Association shall be responsible for the maintenance, repair and replacement of any site or landscape lighting and any associated facilities placed within the Property by Declarant or the Association.

F. All expenses incurred by the Association in connection with the services, operation, maintenance, repair and replacement described above in this Article IX are Operating Expenses, payable by each Owner under the provisions of this Declaration concerning Assessments. Should such maintenance, repair or replacement be caused by the negligence of or misuse by an Owner, such Owner's Occupants, servants, invitees, or tenants, such Owner shall be responsible therefor, and the Association shall have the right to levy an Assessment against such Owner's Lot and said Assessment shall constitute a lien upon the appropriate Lot and Home with the same force and effect as liens for Operating Expenses.

G. The Association has a reasonable right of entry upon any Lot to make emergency repairs and to do other work reasonably necessary for the proper maintenance and operation of Belle Farm.

Section 2. By the Owners.

A. The Owner of each Lot must keep and maintain the Lot and the Home, Building and Improvements thereon, including equipment and appurtenances, in good order, condition and repair, and must perform promptly all maintenance and repair work within, upon and outside of such Owner's Home or Building which, if omitted, could adversely affect Belle Farm, the other Owners or the Association and its Members. The Owner of each Lot shall be responsible for any damages caused by a failure to so maintain such Lot, Home, Building and Improvements. The Owners' responsibility for maintenance, repair and replacement shall include, but not be limited to, all of the physical structures constructed in, upon, above or below the Lot, and physical items attached or connected to such structures that run beyond the boundary line of the Lot which exclusively service or benefit the Lot and Home or Building. Without limiting the generality of the foregoing, the Owner of each Lot shall keep all drainage structures (such as catch basins) located on the Owner's Lot clear of grass, leaves and other debris. Additionally, the painting, caulking and maintenance of the exterior surface of all walls, doors, windows and roof of the physical structure of the Home or Building shall be performed by the Owner, and the exterior surface of such walls, doors, windows and roof shall at all times be maintained in a good and serviceable condition with no damage or other defect therein by the Owner. The Owner of a Lot further agrees to pay for all utilities such as, water, sewer, sanitation, electric, etc., that may be separately billed or charged to each Home or Building.

In addition to the above, Owners of all Homes and Buildings shall be responsible to: fix leaks in and otherwise maintain and repair the roofs of their Homes and Buildings; replace any dead or obviously dying trees on their Lots; and maintain, repair and replace any fences on their Lots. Owners of Homes and Buildings shall also clean, maintain, repair and replace the driveways located on their Lots and keep the sidewalks, if any, located on or contiguous to their Lots clean and free from any stains, trash, debris and/or impediments to pedestrian traffic. The Association may elect in its rules and regulations to perform snow removal on the driveways and sidewalks located on each Lot as well as landscape maintenance on each Lot and such costs shall be Operating Expenses of the Association.

B. If a Home or Building is damaged by fire or other casualty, its Owner shall properly and promptly restore it to at least as good a condition as it was before the casualty occurred. Any such work shall be in accordance with the original plans and specifications of the Home or Building unless otherwise authorized by the Board and shall be otherwise subject to all provisions of Article VIII hereof.

C. Each Owner shall keep such Owner's Home or Building insured in an amount not less than its full insurable value against loss or damage by fire or other hazards. Evidence of such coverage shall be furnished to the Association promptly upon the Board's request.

D. If a failure to comply with the provisions of this Section 2 relates to the Owner's obligation to maintain and care for the Home, landscaping or any other area required to be maintained and cared for by the Owner, then, in addition to the exercise of all other remedies, the Association shall have the right but not the obligation, upon fifteen (15) days written notice, to enter upon the Lot of the Owner for the purpose of performing the maintenance and care referred to, set forth and described in the notice, and to levy on the offending Owner an Assessment equal to the cost of performing such maintenance and care. Any such Assessment shall constitute a lien upon the applicable Lot and Home with the same force and effect as a lien for Operating Expenses. The determination of whether an Owner is failing to properly maintain and care for the property for which he or she has the maintenance responsibility under this Declaration or any of the other Governing Documents shall be determined in the sole discretion of the Association or Declarant.

ARTICLE X USE RESTRICTIONS

All of the Property shall be held, used, and enjoyed subject to the following limitations and restrictions, and any and all additional rules and regulations which may, from time to time, be adopted by the Association.

Section 1. Single-Family Use. The Homes shall be for single-family use only, which shall include an accessory dwelling unit. No commercial business or activity may be carried on in a Home. A single-family is defined to mean any number of persons related by blood, marriage or adoption or not more than four (4) unrelated persons living as a single housekeeping unit. Except as provided in Article X, Section 6 herein, no Home, room within a home or an accessory dwelling unit may be leased or rented.

Section 2. Homes Owned by Entities or Unrelated Persons. It is the intention that Homes be occupied for single-family use. In the event an entity owns a Home, the entity shall notify the Association in writing with the names of the family members who shall occupy the Home. In the event the Owners of the Home are unrelated either through blood or marriage, they shall be permitted to occupy the Home provided they live as a family unit.

Section 3. Nuisances. No obnoxious or offensive activity shall be carried on or about the Lots or in or about any Improvements, Homes, Buildings, or on any portion of Belle Farm nor shall anything be done therein which may be or become an unreasonable annoyance or a nuisance

to any Owner. No use or practice shall be allowed in or around the Homes which is a source of annoyance to Owners or Occupants of Homes or Buildings or which interferes with the peaceful possession or proper use of the Homes, Buildings or the surrounding areas. No loud noises or noxious odors shall be permitted in any Improvements, Homes, Buildings, or Lots. Without limiting the generality of any of the foregoing provisions, no horns, whistles, bells or other sound devices (other than security devices used exclusively for security purposes), noisy or smoky vehicles, unlicensed off-road motor vehicles or any items which may unreasonably interfere with television or radio reception of any Owner shall be located, used or placed on any Lot, or exposed to the view of other Owners without the prior written approval of the Board.

Section 4. Parking and Vehicular Restrictions. Parking upon the Property shall be restricted to the driveway and garage located upon each Lot and designated parking areas within the Common Area. No parking on the Roadways is permitted unless the Board assigns a parking stall to an Owner. Notwithstanding the foregoing, if the Owner is having a private party or event, the guests may park on the Roadways for a period not to exceed eight (8) hours. Overnight parking on the Roadways is prohibited except for assigned parking stalls, an Owner's overnight guests or parking pre-approved by the Board. No Owner shall keep any vehicle on any Lot which is deemed to be a nuisance by the Board. No Owner shall conduct motor vehicle repairs taking more than twenty-four (24) hours (except in an emergency or except within the garage of the Home with the garage door closed) or restorations of any motor vehicle, boat, trailer, or other vehicle upon any Lot. No commercial vehicle (excluding all police, fire and other public safety vehicles), trailer, recreational vehicle, boat or boat trailer may be parked or stored on the Property except in the garage of a Home located upon a Lot. No bus or tractor-trailer or any other truck larger than a full-size pickup truck may be parked on the Property, except temporarily as in the case of a moving van or other such vehicle necessary to provide service to an Owner and with the exception of any vehicles necessary for any construction activity being performed by or on behalf of Declarant. Motor homes are permitted to be parked in an Owner's driveway for a period not to exceed two (2) days.

Section 5. No Improper Use. No improper, offensive, hazardous or unlawful use shall be made of any Home or Building nor shall anything be done thereon tending to cause embarrassment, discomfort, annoyance or nuisance to any person using any portion of the Property. All valid laws, zoning ordinances, orders, rules, regulations, codes and other requirements of all governmental bodies having jurisdiction thereover shall be observed. Violations of laws, ordinances, orders, rules, regulations, codes or other requirements of any governmental agency having jurisdiction thereover relating to any Home, Building or Lot shall be corrected by, and at the sole expense of the Owner of said Home, Building and/or Lot.

Section 6. Leasing and Daily Renting of Homes and Units in Multifamily Development Building. No Home, including an accessory dwelling unit, may be occupied by a non-Owner unless the occupants are either members or guests of the Owner's household or are residents pursuant to a bona fide lease. An Owner may lease, pursuant to a bona fide lease, the Home, a room within the Home or an accessory dwelling unit provided the term of the lease is thirty (30) days or more and the Owner complies with all applicable governmental laws, rules and regulations. All leases shall provide, and if they do not so provide then the leases shall be deemed to provide, that the Association shall have the right to terminate the lease upon default by the tenant in observing any of the provisions of this Declaration, the Articles, the Bylaws, applicable rules

and regulations, or of any other agreement, document or instrument governing the Lots or Homes. The Owner of a leased Home shall be jointly and severally liable with such Owner's tenant for compliance with the Governing Documents and to the Association to pay any claim for injury or damage to property caused by the negligence of the tenant or any fine imposed by the Association due to the tenant's violation of the Governing Documents. Every lease shall be subordinate to any lien filed by the Association whether before or after such lease was entered into. No Home, a room within the Home or an accessory dwelling unit may be rented on a weekly or daily basis.

Except as set forth herein, no unit within a Multifamily Development building may be occupied by anyone except residents pursuant to a bona fide lease and their guests. The term of the lease must be for thirty (30) days or more. The Declarant, in its sole discretion, has the power and authority to designate a portion of the units within a Multifamily Development building that may be rented on a less than thirty (30) day basis (the "**Short Term Rental Units**"). Once the Declarant has identified the Short Term Rental Units within a Multifamily Development building, the number of Short Term Rental Units in the building may not be subsequently increased. The Declarant may exercise this right until all the Lots have been conveyed to third parties. After all of the Lots have been conveyed to third parties, the Declarant's power and authority shall be transferred to the Association's Board to the extent a Multifamily Development building does not contain any Short Term Rental Units. Once the Short Term Rental Units have been designated, the Declarant or the Board, as the case may be, may not reduce or eliminate the Short Term Rental Units within the Multifamily Development building without the prior written approval of the Multifamily Development building Owner which approval may be granted or withheld in their sole discretion.

Section 7. Animals and Pets. Only common domesticated household pets may be kept on any Lot or in a Home or an apartment unit within a Building, but in no event for the purpose of breeding or for any commercial purposes whatsoever. No other animals, livestock, horses, reptiles or poultry of any kind shall be kept, raised, bred or maintained on any portion of the Property. Permitted pets shall only be kept subject to and in accordance with such rules and regulations as shall be promulgated from time to time by the Board. Any pet must be carried or kept on a leash when outside of a Home, Building or fenced-in area. No pet shall be kept tied up outside of a Home or in any screened porch or patio, unless someone is present in the Home. An Owner shall immediately pick up and remove any solid animal waste deposited by such Owner's pet on the Property. An Owner is responsible for the cost of repair or replacement of any Common Area damaged by such Owner's pet.

Each Owner who determines to keep a pet hereby agrees to indemnify the Association and Declarant and hold each of the Association and Declarant harmless against any loss or liability of any kind or character whatsoever arising from or growing out of such Owner having any animal on the Property.

Section 8. Additions and Alterations. No Home shall be enlarged by any addition thereto or to any part thereof, and no Owner shall make any Improvement, addition, or alteration to the exterior of such Owner's Home, including, without limitation, the painting, staining, or varnishing of the exterior of the Home, including doors, garage doors, driveways and walkways, unless being painted, stained or varnished using the same color as originally installed, or if replacing the roof, garage door or entry doors using the same color and type as originally installed,

without the prior written approval of: (i) the Committee as set forth in Article VIII of this Declaration, which approval may be withheld for purely aesthetic reasons, and (ii) all applicable governmental entities.

Section 9. Signs. Except for third party realtor signs, no sign, display, poster, advertisement, notice, lettering or other advertising device of any kind whatsoever (including, without limitation, "For Sale", "For Rent" or "By Owner" or any other signs for the sale or renting of Homes) may be exhibited, displayed, inscribed, painted or affixed in public view without the prior written consent of the Board, which consent may be given, withheld or conditioned in the reasonable discretion of the Board. Commercial signage will be permitted with the prior written consent of the Board, which consent may be given, withheld or conditioned in the reasonable discretion of the Board.

Section 10. Trash and Other Materials. No rubbish, trash, garbage, refuse, or other waste material shall be kept or permitted on the Lots and/or Common Area, or other portions of the Property, except in sanitary, self-latching containers located in appropriate areas (i.e., areas not visible from the street or any other Lot other than at times of scheduled trash pickup), and no odor shall be permitted to arise therefrom so as to render the Property or any portion thereof unsanitary, offensive, detrimental or a nuisance to Owners or Occupants.

Section 11. Fences. Any fence placed upon any Lot must be approved by the Committee, as provided in Article VIII hereof, prior to installation. The Owner assumes complete responsibility to maintain the fence, including, but not limited to, trimming any grass, ivy or other plants from the fence. In the event the Committee approves the installation of a fence, it shall also have the right to require installation of landscaping, also subject to the Committee's approval, at the time the fence is installed.

In addition, the installation of any fence placed upon any Lot is subject to easements which run with the land. In the event that any fence is approved by the Committee and is permitted to cross any such easements, such Committee's approval is still subject to Owner first receiving written approval from the grantee of such easements and all other applicable governmental authorities. In the event the grantee of any such easement which runs with the land (i.e., utility provider or the County), its successors and/or assigns, requires the removal of any fence upon the Lot, then the Owner of said Lot shall, at the Owner's sole cost and expense, immediately remove the fence.

Invisible fencing may be allowed if approved by the Committee. Any Owner permitted to install any invisible fencing acknowledges that the Association and the landscape maintenance company hired by the Association shall not be responsible for any damage caused to such invisible fencing by the Association's landscape maintenance company. Each Owner who is permitted to install invisible fencing on such Owner's Lot will be required to sign an acknowledgment that such Owner shall be responsible for any repairs and/or replacement of the invisible fencing, even if such repair and/or replacement was caused by the Association's landscape maintenance company in performing their responsibilities of landscape maintenance.

Section 12. Antennae. No outside television, radio, or other electronic towers, aerials, antennae, or device of any type for the reception or transmission of radio or television broadcasts

or other means of communication shall hereafter be erected, constructed, placed or permitted to remain on any portion of the Property or upon any improvements thereon. An exception for a satellite dish may be considered and granted by the Board in its sole and absolute discretion. Any approved satellite dish shall be installed in compliance with all federal, state and local laws and regulations, including zoning, land-use and building regulations.

Section 13. Garages. All garages, including those that are permitted to have an accessory dwelling unit, must be in compliance with the parameters of the Lot Condition Report.

Section 14. Energy Conservation Equipment. All solar heating apparatus must conform to all established regulatory standards.
